MEETEETSE LIBRARY

COFFEE TALK & OTHER PROGRAMS

The Library has fun events planned for every month! Stay tuned here for our events, check for flyers at the Post Office, watch for our Facebook posts (find Meeteetse, Park County Libraries and "Follow or Like" our page - lots of info there!) or come up to the Library and ask! We always enjoy a visit and sharing what's going on! ALL of our programs are Free and Open to the Public! If you have questions, you can always call us at 868-2248.

It's time for Winter Reading Fun! Read/Listen to a Library Book, return it to the library, fill out an entry slip, and you'll be entered to win a prize! The Winter Reading Program runs through February so you've got plenty of time to get some reading done and entries in. There's even an option for online entries. Stop in to learn more.

Are you starting to think about retirement? Are you wondering about Social Security? When and how to start? How much will it be? What is my FRA and what does that mean? ALL of these questions - and more! - will be answered for you on Tuesday, Feb. 6 at 10:00 am at the Library. Josh Weller, Social Security Administration, will be here via the wonders of technology for a Social Security 101 presentation. It is over the big screen TV but it is a relaxed format and allows plenty of time for question and answer. Every time he does this I learn something new. Bring your questions!

The February Coffee Talk, Tuesday, Feb 13 at 10:00 am, will feature Missy Burns Creative - Marketing Agency. This will be of interest to anyone with a small business and/or anyone who is involved in any type of organization. The success of a business or organization often hinges on how well they reach their customers, patrons, participants, or the general public. Missy will show how important it is to think through the branding and marketing of a business/organization.

And, looking ahead farther into February, Craig Johnson will visit Meeteetse on Sunday, Feb. 25! His visits are always enjoyable and popular - be watching for more details.

Mr. Faust brought in some of the work that his Trades classes have been doing for us to display. This is really fun to see! Stop by to see what the kids are learning and doing.

Don't forget we now have a variety of Board Games available at the library. These do NOT have to be checked out, you don't need a library card. Take a game, play it, bring it back, take a different one.

Did you get a new digital device for Christmas and need some help getting it going? Did you know you can read and/or listen to free library books on any of your digital devices? If you need help with any of these techy type problems, we're happy to help! While not totally tech savvy we can generally navigate through the day-to-day problems and issues. Bring your device (and all of your passwords & login information!) up to the library - Tuesdays & Fridays all day or Thursday mornings are generally good times for some one-on-one help.

It's a New Year and soon it will be a New Gardening Season! As you're doing your garden dreaming and planning don't forget that we have a Seed Library at the Library! We have a large selection of seeds (flowers and vegetables) available for free! Come and check out the selection - and while you're here you can check out our great gardening books for more inspiration and ideas while you're still in the dreaming stages!

And in March we'll have some Gardening Programs and Give-Aways! Stay tuned!

The Meeteetse Library has a (nearly) complete collection of Meeteetse High School yearbooks. These are available for "in-house" browsing. We are missing a few years. If you have any of these laying around looking for a new home - we'd love to complete our collection. We're missing: 2004, 2001, 1991, 1974, 1962, 1961, 1953, 1952, 1951, Thanks!

Do you wish there was a Business Center in Meeteetse? Come to the Library! You can run copies, print from a computer or phone, access your email/websites, scan or email papers, even send a fax! And most of it is free! Copies are \$.10/page for black & white, \$1.00/page for color - you can't buy a printer and keep ink in it for that price!
